## **SME contact points**

The **STANDARDS LIBRARY** as an information, documentation and communication point of HZN is the only point in Croatia that maintains collections of Croatia (HZN), international (ISO, IEC), European (CEN, CENELEC, ETSI), national (DIN, BSI) and industry standards (ASTM). The Standards Library maintains databases on and search tools for standards. It provides all users with a free insight into standards and professional assistance. Its staff also provides free advice on standards by phone or e-mail.

The HZN Standards Library's holdings and services contribute to better involvement of SMEs in standardization activities aimed at representing their interests at the national, European and international levels.
